

Mouthpiece

The easy action Nuvo mouthpiece makes it easy for small fingers to change reeds. It uses Nuvo synthetic reeds as well as Eb clarinet cane reeds and soprano sax reeds. Includes one Nuvo reed.

NUVO Spare Kits

There are two levels of spares packs which contain some commonly lost or damaged parts that a teacher might find useful to have on hand especially if running a WindStars Program. We also have a more advanced “Dealer” spares and repairs kit for repair technicians.

N185SKW1	School Spares Kit W1 (Dood and Toot)
N185SKW2	School Spares Kit W2/W3 (jFlute, Clarinéo, jSax, jHorn)
N185DLSK	Dealer Spares and Repairs Kit

School Storage

We offer the following options for schools to keep instruments in the classroom while the students have their own mouthpieces.

S250DR24	School Desk Rack (24) Dood, Toot
S250DR12	School Desk Rack (12) Clarinéo, jFlute
S250DR6H	School Desk Rack (6) jHorn
S250DR6J	School Desk Rack (6) jSax
S260WH06	School Wall Hanger (6) Clarinéo, jFlute, jSax

Keep It Out! (KIO)

The desk stand is suitable for the jFlute, Student Flute or Clarinéo. The wall hanger is suitable for the jFlute, Student Flute, Clarinéo and jSax.

N310RDGR	White   Green
N310RDPK	White   Pink

\*Specify B or G when ordering.

Recorder+

The Nuvo Recorder+ uses the patented silicone keys to ease the covering of tone holes. This enables children to learn significantly faster which enhances their joy and enthusiasm for the musical journey. The keys make it less likely that beginners will “squeak” and the larger tone holes produce a fuller and more mellow tone. Includes moulded case.

Toot 2.0

For a child ready to progress from playing the recorder, the Toot is the perfect next step to ultimately playing the flute. The set includes the Firstnote lip plate which can be used in the early lessons while the student is learning posture, fingering and playing simple tunes. When ready the Firstnote can be replaced by the regular lip plate to enable the learning of standard flute embouchure. Includes both lip plates, zipper case and fingering chart.

N430TBBL	Black   Blue	N430TWGN	White   Green
N430TBGN	Black   Green	N430TWPK	White   Pink
N430TBPk	Black   Pink		

Dood 2.0

The Dood is a great way to introduce single reed skills at an early age. It has a mellow clarinet-like sound and makes a great addition to any recorder ensemble. Fingering is similar to recorder and the Dood also features the patented silicone keys which help kids to cover the holes easily. This helps them to focus on developing a good embouchure. The Dood is fully chromatic over one octave.

N430DWGN	White   Green
N430DWPK	White   Pink

jSax 2.0

The jSax follows traditional sax fingerings and is fully chromatic from middle C to G in the next octave. It has a surprising mellow sax sound and is fun to play. The jSax is lightweight, portable and 100% waterproof making it very suitable for road trips and for the classroom. The jSax uses Nuvo resin reeds and can also use standard soprano sax reeds. It comes with a durable molded case.

N520JBPK	Black   Pink		

jFlute 2.0

The jFlute is the perfect “first flute” choice for ages 4 to 10 years. The “donut” head joint shortens the stretch and accommodates the Firstnote or Standard lip plates (both included). It also includes key extensions and plays down to low D. With standard flute fingering, the jFlute is upgradable to a Student Flute when the student is ready. See jFlute Upgrade Kit.

The jFlute comes with a case, carry strap, cleaning cloth and o-ring grease.

N245UKWT	White

Flute Key Caps

The Flute Key Caps are made of high-quality plastic and are designed to fit snugly over the keys of your flute. They are available in a variety of colors to match your flute or to add a pop of color to your instrument.

N225KCBK	Blue
N225KCGN	Green
N225KCPK	Pink
N225KCMX	Mixed

jHorn

The jHorn is Nuvo’s first move into the world of “brass”. It is lightweight and durable and easy for children as young as 4 years old to play. It uses standard fingering and has a full resonant tone. The patented face-valve system provides a low maintenance solution with a light touch and easy access for cleaning. The jHorn comes with a unique multi-cup mouthpiece encouraging students to experiment. This will help them decide if they feel more comfortable with low, middle or high brass when they graduate to traditional instruments. The jHorn can be tuned in C for WindStars programs or Bb for traditional teaching. All necessary tubes are included in the stylish zipper case.

N610JHBL	White   Blue
N610JHGN	White   Green
N610JHPK	White   Pink

Clarinéo 2.0

The Nuvo Clarinéo is a fully functioning clarinet in the key of C and is ideal for young starters aged 4 to 9 years. It is much lighter and smaller than a Bb clarinet which means the finger stretches are shorter and tone holes easier to cover. The Clarinéo removes a lot of the physical challenges of the Bb clarinet which encourages kids to practice more, develop the skills and enthusiasm they will need when they are ready to step up. Since the fingering is the same, the transition to the Bb clarinet is quick and easy.

Just like a traditional clarinet, the Clarinéo is fully chromatic over 3½ octaves.

N120CLBK	Black   Black
N120CLBL	White   Blue
N120CLGN	White   Green
N120CLPK	White   Pink

Student Flute 2.0

The Student Flute includes the straight head joint, standard and Firstnote lip plate, main body with silicone comfort pads, C foot joint, cleaning cloth, o-ring grease and hard molded case and carry strap. The Student Flute has completely standard fingering and can be used for auditions, performances and band classes just like a regular silver flute.
